PLEASE READ THE FOLLOWING TA RULES AND REGULATIONS:

You are not allowed to have a “U”, “NP”, or failing grades for the past 3 quarters. Your eligibility for employment is contingent upon you satisfying the following standard appointment criteria: (a) enrollment of a minimum of 12 units including at least 6 units of directed research course each quarter; (b) a GPA of at least 3.1 if you are a Master's Degree student, or a 3.5 if you are a PhD student during each quarter and at least at the A-level for the research course; (c) no more than two Incomplete’s (I) and one No Report (NR) grades during the three preceding quarters, and at least a B+ for the course you are interested in TAing.

We reserve the right to terminate your appointment at any time for unsatisfactory performance, including non-participation in TAPDP training, unsatisfactory progress toward your degree objective, academic dishonesty, or academic ineligibility.

IMPORTANT NOTE: TA appointments depend solely on the class enrollment. Because of this reason, some appointments will not be made before the September 15th tuition and fee payment deadline. Even though you have applied for a TA position, it is YOUR responsibility to pay your fees and tuition on time. If you are chosen as a TA, you will be reimbursed for your fees. The TAship does not pay the non-resident tuition. You will be responsible for any and all late fees.

If you are chosen as a TA, you may not receive any other financial support, other than non-resident tuition and any un-reimbursed portion of your fees that are paid by your advisor, totaling more than 50% time (220 hours assigned workload).

Application deadline is September 1, 2016.

Please be aware that TA appointments available in Fall 2016 are very limited.

☐ Please check the box if you have read and understand your responsibilities.
