Part-Time Assistant Specialist – Flight Dynamics and Control

University of California, Irvine

Salary/appointment:  Assistant Specialist, Monthly Salary of $2245.20

Posting Date:  December 21, 2015    Closing Date:  January 20

The Department of Mechanical and Aerospace Engineering at the University of California, Irvine seeks a part-time Assistant Specialist in the area of flight dynamics and control. The successful candidate is expected to have a Ph.D. degree from a leading research university in flight dynamics and control. Familiarity with air traffic control, graph theory, and optimization is required. The candidate should have excellent communication and time management skills, a proven record in journal publications, and enthusiasm for new challenges.

The position will remain open until filled. An immediate start date is available within a few weeks of the hiring decision. The candidate should be available for a start date of February 1, 2016. The position will be for 5 months and less than full time (60%).

Apply by submitting your application to our online RECRUIT system at: https://recruit.ap.uci.edu/apply/JPF03067 Applicants should submit a resume, a cover letter indicating your area(s) of expertise and the names and addresses of three references.

The applicants are encouraged to visit http://www.eng.uci.edu/dept/mae.
