## Department of Civil and Environmental Engineering

### Department History
- **1983**: Department of Civil Engineering founded
- **1993**: Department of Environmental Engineering founded

### Student Population
- **488**: Undergraduate Students (Fall 2020)
- **136**: Graduate Students (Fall 2020)

### Research & Expenditures
- **$11.5M**: 2020-21 Research Expenditures

### Faculty & Recognition
- **26**: Full-time Faculty
- **7**: Affiliated Faculty
- **3**: NAE Members
- **4**: NSF CAREER Awards
- **3**: Distinguished Professors
- **1**: Endowed Chair

---

Starting in the late 1960s as programs in civil and environmental engineering, the department has a long history of offering a rich and diverse educational experience to students. Courses are taught by world-class scholars who maintain connections with industry and are involved in developing innovative technologies in earthquake and structural engineering, transportation systems, water resources and environmental engineering. The department is dedicated to providing life-long development, instilling a sense of professional responsibility and serving society.
