Fall 2022
CBE Seminar Series

Prof. Ambarish Kulkarni
UC Davis
September 30
*Multiscale molecular simulations*

Prof. Chinedum Osuji
University of Pennsylvania
October 7
*Soft matter and complex fluids*

Prof. Maxx Arguilla
UC Irvine
October 14
*Low-dimensional materials*

Prof. Nadav Amdursky
Technion- Israel Institute of Technology
October 21
*Conductive bioinspired materials*

Prof. Paulette Clancy
Johns Hopkins University
October 28
*Computational materials processing*

Prof. Safa Jamali
Northeastern University
November 4
*Biomechanics and soft matter*

Dr. Saber Hussain
AFRL/ Wright State
November 18
*Nanobiotechnology*

Prof. Natalie Banerji
University of Bern
December 2
*Spectroscopy/organic electronics*
