

CURRICULUM VITAE

Name: Farghalli A. Mohamed

Office Address: 744J Engineering Tower
Department of Chemical Engineering and Materials Science
Zot Code 2575
Phone: (949) 824-5807; Fax: (949) 824-2541
E-mail: famohame@uci.edu

Current Position: Professor of Materials Science and Chemical Engineering
Professor of Mechanical and Aerospace Engineering
Professor of Civil and Environmental Engineering

Joint Appointment: Department of Mechanical and Aerospace Engineering
Department of Civil and Environmental Engineering

Place of Birth: Egypt

Citizenship: U. S. A.

Education

<u>Degree</u>	<u>Year Conferred</u>	<u>Institution and Location</u>
B. S.	1965	Cairo University Cairo, Egypt
M. S.	1970	University of California Berkeley, California
Ph.D.	1972	University of California Berkeley, California

Professional Interests

Mechanical behavior of engineering materials (metals, alloys, composites, ceramics, nanocrystalline materials); correlation between behavior and microstructure; creep; superplasticity; and strengthening and fracture mechanisms. Recent published research has focused on the role of impurities during superplastic deformation and cavitation, dynamic recrystallization, creep in nanocrystalline materials, deformation mechanisms in nanocrystalline materials, and nanoscale softening.

Academic Appointment

1994- Professor; Department of Chemical Engineering and Materials Science, University of California, Irvine.

1984-1994 Professor; Department of Mechanical and Aerospace Engineering, University of California, Irvine.

1981-1984 Associate Professor; Department of Mechanical and Aerospace Engineering, University of California, Irvine.

1980-1981	<u>Assistant Professor</u> ; School of Engineering, University of California, Irvine.
1976-1980	<u>Assistant Professor</u> ; Department of Materials Science and Mechanical Engineering, University of Southern California, Los Angeles.
1975-1976	<u>Adjunct Assistant Professor and Senior Research Associate</u> , Department of Materials Science and Mechanical Engineering, University of Southern California, Los Angeles.
1972-1975	<u>Research Associate</u> ; Department of Materials Science and Engineering, University of Southern California, Los Angeles.

Awards, Honors, and Biographical listings

- The School of Engineering University Service Award (1993)
- Cited in Science Watch Magazine for citations in Materials Science for the period 1990-1994 as number 20 in the world for citations per paper (see Attachment).
- Fellow of ASM International (for significant contributions to research and leadership in Materials Science education, 1996)
- Award of Excellence in Teaching at UCI (2002)
- Recognized by the Institute for Scientific Research as one of the most highly cited, influential researcher in the field of Materials Science and Engineering (2003)
- Engineering Faculty of the year (2003)
- Fariborz Maseek Best Faculty Teacher Award (2004)
- Engineering Faculty of the year (2008)
- Chemical Engineering and Materials Science Faculty of the year (2010)
- UCI Outstanding Engineering Professor of the year (2010)

Professional Association

Memberships: ASM International, TMS, Sigma X, The Scientific Society; The Materials Research Society (MRS), AAAS, ASEE

Professional Service and Activities

- Member of the Review Board of Metallurgical and Materials Transactions.
- Member of the Editorial Board of Materials Science and Engineering
- Reviewer (Journals): Metallurgical and Materials Transactions, Acta Materialia, Philosophical Magazine, Materials Science and Engineering A, Scripta Materialia; Materials and Manufacturing Processes, J. Materials Research, J. Materials Science, Journal of Alloys and Compounds, Applied Physics Letters, Vacuum.
- Reviewer (Funding-agencies): National Science Foundation, Department of Energy, The Air Force Office of Scientific Research, Research Council, Department of Energy The Institute of Geophysics and Planetary Physics (IGPP), Los Alamos National Laboratory.
- Member of panels for reviewing proposals (National Science Foundation).
- Member of the ASM International Committee on Mechanical Behavior
- Member of the Executive Committee of the Orange Coast Chapter of ASM.

List of Graduate Students

<u>Name</u>	<u>Degree</u>	<u>Present Position</u>
1. A. Goel	MS (1983)	Research Engineer , Amada Engineering
2. M. Soliman	Ph.D. (1984)	Professor, Saudi Arabia
3. Timothy Ginter	Ph.D. (1984)	Research Scientist Lockheed Corp., Marietta, GA
4. M. Mostafa	Ph.D. (1985)	Research Metallurgist San Onofre Nuclear Station

5. T.H. Ho	MS (1987)	San Clement, CA Member of technical staff Western Digital Irvine, CA
6. P. Chaudhury	Ph.D. (1988)	Research Scientist Intercontinental Manufacturing Garland, TX
7. H. Kim	MS (1989)	completed his Ph.D. with Earthman
8. R. Koenig	MS (1989)	Member of technical staff Rockwell International, CA
9. K.T. park	Ph.D. (1992)	Associate Professor, Korea
10. C. Tapas	MS 1990	Return to India
11. S. Yang	MS (1994)	Engineering Plastics, CA
12. S. Yan	Ph.D. (1996)	Member of technical staff Intel Corp. Santa Clara, CA
13. Y. Li	Ph.D. (1996)	Member of Staff Manufacturing Corp, Newport Beach, California
14. K. Duong	Ph.D. (1999)	Failure Analysis, Irvine, CA
15. A. Yousefiani	Ph. D (1999)	Senior Engineer. Boeing, Huntington Bch, CA
16. Tim Lin	Ph. D. (2000)	I J Research Corp, Irvine, CA
17. A. Verma	MS (2003)	General Electric, Los Angeles
18. Y. Xun	Ph. D. 2004	Reactive NanoTechnologies Hunt Valley, MD 21030
19. M. Chauhan	Ph. D. 2006	Nanotechnology Coatings Santa Ana, CA
20. I. Roy	Ph.D. 2006	Schlumberger, Garden Grove, CA
21. Yu-Ching Cheng	Ph. D. (2007)	Senior Engineering in an Aerospace Company
22. Ana Torrents	M.S. (2008)	Continuing Ph.D. with Prof. Valvid
23. Heather Yang	Ph.D. (2009)	Senior Engineer in ACER group
24. Khinaly Maung	Ph.D student	
25. Shehreen Dheda	Ph.D student	
26. Mingje Sung	Ph.D student	
27. Mahmoud Abdu	Ph.D student	

In addition to the above students, I served as the American supervising professor for the following two Ph.D. students from Egypt who conducted the research of their dissertations in my laboratory and who were sponsored by the Scientific Channel System (SCS); SCS represents a joint program between the United States and Egypt.

1. M. El-Atrees	Superplastic Forming of Al-Li Alloys	Professor Egypt
2. A. Nasr	Fracture Behavior or Metal-Matrix Composites	Associate Professor Egypt

Postdoctoral Associates: Dr. A. Gadalla, Dr. I.A. Ibrahim, Dr. K. T. Park (Korea), Dr. X. Jiang (THX Molding, WI), Dr. B. Han, and Dr. R. Rodriguez

Courses Taught

Undergraduate (required)

<u>Course #</u>	<u>Title</u>
------------------------	---------------------

ME 54	Principles of Mats Science
MAE 80	Dynamics
MAE 147	Vibration
MAE 151A	Mech. Design
MAE 151B	Mech. Design
ME 154	Principles of Materials Science
MSE/MAE 156	Mechanical Behavior
MSE/MAE150	Mechanics of Materials

Graduate (required)

<u>Course #</u>	<u>Title</u>
MSE251A	Dislocations
MSE 252A	Theory of Diffusion
MAE 254A	Mechanical Behavior
MAE 256	Plasticity and Metal Forming
MSE 200	Advances in Materials Science

University Service

- Department Advisor for Freshman and Sophomores (1983-1988).
- Member of the Committee on Academic Planning in the Department of Mechanical and Aerospace Engineering (MAE) (1981-1994).
- Vice Chair and Graduate Advisor (S and Su 1985).
- Section Head (Materials Group in MAE) (1984-1994).
- Chair and member of Search Committees (1983-1998).
- Chair of Preliminary Examinations for Graduate Students (1981 -present).
- Chair and member of Departmental Ad Hoc Committees for Merit and Promotion reviews (1984-present).
- Surrogate Chair of MAE (1990-1991) (preparation of an Academic Personnel Case)
- Director of the School of Engineering (SOE) Materials Science Concentration (1992-present).
- Chair of the Engineering Committee on Materials Science (1987-1992)
- Chair of the SOE Faculty (1989-90).
- Chair of the SOE Committee on Academic planning (1991).
- Member of the Committee on the Construction of a Standardized Departmental Letter for Merits and Promotion (1991).
- Member of the Task Force in the SOE for Instructional Laboratory Support (1989-1990).
- Chair and member of the School of Engineering Committee on Research and Travel (1985-89).
- Member of the Executive Committee of the School of Engineering (1995-1996).
- Graduate Advisor for the Materials Science and Engineering Concentration (1993-present).
- Member of qualifying examination committees for graduate students in the School of Engineering and Physical Sciences (1981-Present).
- Member of the University Committee on Teaching Quality (1988-1991).
- Member of the Campus wide Committee on Women in the Sciences and Mathematics (1989-1990).
- Member of the Representative Assembly of the Academic Senate, Irvine Division (Winter 1996).
- Member of Education Abroad Program (EAP) Faculty Selection Committee (1995 – 1997)

- Member of the School of Engineering Space and Budget Committee (1997-Present)
- Chair of the Graduate Committee in the School of Engineering (2000)
- Chair of the Committee of Faculty retreat (2000)
- Undergraduate Advisor for the new major in MSE (2001-2005) and (2006-present)
- Graduate Advisor for the Degree Program in MSE
- Member of the Graduate Committee of the School of Engineering
- Member of the Undergraduate Committee of the School of Engineering
- Member of the ABET Committee in the School of Engineering
- Chair of campus Ad Hoc Committees for promotion and merit increase
- Member of the Campus Committee on Courses (2000-2002)
- Acting Chair (Summer 2002)
- Member of the Divisional Senate Assembly (July 2002-June 2003)
- Chair of the Engineering Faculty (July 2002-June 2003).
- ABET Coordinator for the Materials Science Engineering Major (2001-present)
- Member of the HSSoE Honors Program Committee
- Member of the HSSoE New Majors Committee
- Member of Campus Committee on Committees (2003-2006)
- Chair of the School of Engineering Undergraduate Committee (2003-2004) and (2006-2007)
- Member of Council on Educational Policy, CEP (2007-2009)
- Member of Council of Academic Personnel, CAP (2009-present)
