

Postdoctoral Scholar

The UCI Department of Materials Science and Engineering in the Samueli School of Engineering is anticipating openings of postdoctoral scholar positions (Levels I-IV). These positions require a Ph.D. in Materials Science or closely related field and subject-matter expertise in one or more of the following areas:

Advanced and Additive Manufacturing; Advanced Materials Characterization; Biomaterials, Bioinspired and Self-Assembled Materials; Energy Materials and Sustainability; Materials for Structural Applications and Extreme Environments; Modeling, Theory and Computational Approaches to Materials Science and Engineering; Nanoscale and Functional Materials.

This is an ongoing recruitment and positions are dependent upon availability of extramural funding. Initial appointments are for one year and renewal is based on job performance and availability of support. Note: the total duration of an individual's postdoctoral service may not exceed five years, including postdoctoral service at other institutions.

Salary is commensurate with qualifications and years of experience.

Application Procedure: Applicants will be required to upload a curriculum vitae, name/addresses of at least three references, and cover letter expressing area(s) of interest to our online RECRUIT system at <u>https://recruit.ap.uci.edu/JPF08507</u>. A diversity statement submission is strongly encouraged.

The University of California, Irvine is an Equal Opportunity/Affirmative Action Employer advancing inclusive excellence. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, protected veteran status, or other protected categories covered by the UC nondiscrimination policy.

As a condition of employment, you will be required to comply with University of California <u>Policy on</u> <u>Vaccination Programs</u>, as may be amended or revised from time to time. Federal, state, or local public health directives may impose additional requirements.

Additionally, you will be required to comply with the University of California <u>Policy on Substance</u> <u>Abuse</u> (APM-190)(Drug Free Environment) and University of California <u>Smoke and Tobacco Free</u> <u>Environment</u> policy. Depending on the job duties of your position, you may also be required to comply with the University of California's <u>Reporting Child Abuse and Neglect</u> policy.
